Profile

Strategic, analytical and resourceful Product Manager with four years' experience building B2B and consumer products from scratch in SaaS, ad-tech and real-money gaming. Leads AI strategy at a B2B CRM and automation SaaS alongside The Lisbon MBA. Hands-on and commercially aware: grew a gaming business to 1M+ users and a self-serve ad exchange to $100k/month in ad spend.

Experience

MR Neo, B2B CRM and automation SaaS — Remote, India
Product Manager, AI Strategy (part-time) — August 2026 – Present

- Set AI strategy, pricing and positioning; decide where AI features go and lead the early 2027 AI-first redesign.
- Unblocked a Shopify integration stalled for a month by specifying its hub, API choice and build steps; it has shipped.
- Built an AI operating layer: a knowledge base with read-only codebase access, a sales AI workspace, daily automations.
- Set up AI evals with human review: before/after prompt tests, review of all AI-found bugs and fix re-checks on UAT.
- Audited a 60+ page CRM suite, logging 600 bugs and UX issues; turned the method into AI skills the team uses.

XY ADS, programmatic ad-tech platform — Gurgaon, India
Product Manager, Product & Platform — August 2023 – January 2025

- Built a self-serve B2B ad exchange from scratch; wrote OpenRTB PRDs, architected for 100M+ monthly impressions.
- Moved DSP clients to self-service: $100k/month in ad spend ran through it, with one client growing to $30k/month.
- Hired and led developers and a designer; integrated DSPs and SSPs by turning each partner's API docs into build tasks.
- Cut operating costs 15% by moving vendors to long-term, tiered, volume-based contracts.

GMNG, real-money gaming platform — Gurgaon, India
Product Manager — February 2022 – July 2023

- Led a team of nine across development, support and sales, growing to 1M+ users.
- Tripled gameplay frequency and lifted revenue 50% in key games via new games, a 7-day habit loop and faster loading.
- Designed a gamified 7-day onboarding loop for poker; 60% of the targeted cohort converted, adding $40k in revenue.
- Designed a deposit-linked, two-tier referral programme that brought in 200k+ new users in one month.
- Turned paid installs into an in-game Offer Wall, then licensed it as a SaaS module to four gaming firms (~$6k/month).

GMNG — Gurgaon, India
Associate Product Manager — February 2021 – January 2022

- Designed "Everybody Wins", a second-chance model for new players' first paid game, lifting new-user retention 30%.
- Cut sign-up drop-off by about 60% by replacing the registration form with one phone-number field and OTP.
- Contributed to shareholder presentations that secured $100k in development funding; promoted within 11 months.

Education

The Lisbon MBA International (Católica | Nova), Lisbon, Portugal — January 2026 – December 2026
Master of Business Administration

- Sovena internship: reviewed a 59-SKU tea portfolio through surveys and social listening, recommended repositioning around consumption occasions and handed over a searchable AI research base.

MIT Sloan School of Management, Boston, USA — June 2026
Summer Immersion Certificate (Managing Technological Innovation; Global Strategy)

Duke University — 2025
Certificate in Machine Learning Foundations for Product Managers

Manipal Institute of Technology, Manipal, India — 2016 – October 2020
Bachelor of Technology, Information Technology; minor in Digital Marketing

Projects

- Built Lará, a hotel guest platform, and manupratap.com, a 3D portfolio with a walk-through CV, using Claude Code.
